

ELS University Admission Services

University Admission Made Easy

Based in Princeton, New Jersey, ELS University Admission Services (UAS) has been helping tens of thousands of international students gain admission to a diverse cross section of universities and colleges for many years. More than 650 universities accept completion of an advanced level in the intensive ELS English for Academic Purposes program as fulfillment of their English proficiency requirement.

University Admission Services will help your university bound students find the most suitable university or college based on each student's specific academic history, major, regional preference, budget, and career objectives. If your students meet all university entrance requirements except for English proficiency, they receive a Conditional Letter of Admission before leaving their home country. Upon completion of the specified level of ELS and any additional program-specific requirements, students matriculate directly into that university.

Your Advising and Admission Partner

- **Advising:** UAS is composed of a team of US Higher Education experts with over 25 years of experience working in International Admission and Enrollment Management. UAS staff will assist in the selection of a university or college that best meets your students' academic background and educational goals.
- **Document Processing:** UAS handles the students' application materials, oversees the application process, and communicates directly with the universities selected in order to ensure a timely admission decision.

- **Credential Evaluation:** For an additional fee, UAS can facilitate an official third party evaluation and certification of your students' international secondary school and/or university transcripts and credentials when required.
- **Notification:** UAS works to notify you of your students' admission decision within 4-6 weeks (undergraduate application) or 6-8 weeks (graduate application). Please keep in mind that these are our general guidelines. Certain majors or universities require a longer decision-making process. UAS sends all admission decisions to you via international express mail.
