“I planned to go to university when I first arrived in Australia, but I had not decided which university I would study at. ELS/Sydney has many direct-entry pathways to universities, so the college was a good choice for me.

The fast progress I made with my English was the result of my teachers. The General English teachers made learning the language so much fun that they teach students to love English!

The AE3 and AE4 courses prepared me very well for university. I am now studying at the University of Wollongong’s Sydney Business School. My major is Master of Science (Logistics).”

“I had previously studied at ELS Centres in New York, so I knew the ELS quality was high. The location in the centre of Sydney is very convenient. I found the teachers are strict at ELS Universal English College, which is a reason I would recommend the college. I have discovered that Sydney is a great city. Australian people are open-minded and friendly. In addition, Sydney is very multicultural, and with new people coming to live all the time, it is very dynamic.”

“I chose to study at ELS/Sydney because the college has a pathway to Macquarie University. The Academic English program at ELS/Sydney is amazing. The teachers are fantastic because they support the students in developing the skills required for further study at university. Many students consider the teachers to be strict, but I found their knowledge and experience very helpful. The teachers support the students in developing the skills required for further study at university. I am very pleased to have earned a scholarship for my postgraduate studies in Accounting at Macquarie University.”

“This year I came to ELS/Sydney for the second time for my second Junior Holiday English course. I really loved this program; you get to meet lots of people from different places around the world. The classes are lots of fun, and most importantly, you learn English too!

I stayed with a homestay family and they were great. They looked after me so well that I felt like I was one of their own children.

I love Sydney and I hope to come back to study at university when I finish school in Spain.”

“I chose to study at ELS Universal English College because in Vietnam I heard about the quality of the college and its excellent Academic English program. The college also has a direct-entry pathway to Le Cordon Bleu, where I started my undergraduate degree in February 2013. I have found Academic English to be exciting. I appreciated the focus on developing learning strategies and how important this will be for my further study in Australia. I had to study hard, but my English skills are getting stronger, which is great. My teachers were fantastic!”

“I really enjoyed studying at ELS. The teachers were so kind, and they always gave me good suggestions and advice. It was easy for me to pay attention in class because the lessons were so interesting. There were many friendly students on the MSIT campus, so I had good opportunities to meet young Australians. I hope I can study at ELS/Brisbane again one day.”

What is the course?

Intensive development of the listening, speaking, reading, writing, pronunciation, vocabulary and grammar skills that you need to communicate fluently and effectively in the academic world and beyond.

EAP students attend four lessons in the morning designed to establish a foundation for communicative competency. In the afternoon, you attend academically focused Reading and Writing classes, which build upon the core skills taught in the morning classes.

TAKE THE PATHWAY TO UNIVERSITY STUDY.

ELS/BRISBANE WILL SHOW YOU HOW.

Students who pass specified ELS English for Academic Purposes levels have direct-entry to Metropolitan South Institute of TAFE (MSIT) courses and are not required to sit an IELTS™, TOEFL® or other formal English test before undertaking further studies at MSIT.

- ELS Level 109: standard pass for MSIT training programs requiring equivalent of IELTS™ 5.5 for entry
- ELS Level 112: standard pass for MSIT training programs requiring equivalent of IELTS™ 6.0 for entry
- ELS Level 112: proficiency certificate for MSIT training programs requiring equivalent of IELTS™ 6.5 for entry

Many MSIT courses offer you a credit transfer pathway to a bachelor-level qualification through arrangements with university and higher education providers in Queensland and other parts of Australia.

If undergraduate or postgraduate study outside your home country is your academic goal, ELS can help you make it happen. We offer two routes to get you to your destination:

- **ELS Direct-Entry Pathway Route**, for those who meet the school’s academic criteria but lack proof of English proficiency for admission
- **Direct Admission Route**, for those who already have proof of English proficiency, having taken the TOEFL® or IELTS™, and meet the school’s academic criteria for admission

ELS University Admission Services can help you through the admissions process regardless of which route you take. The flow chart below illustrates the two routes and the steps needed to get you admitted to university.

**STEPS TO UNIVERSITY ADMISSION WITH ELS**

**STEP 1:**
Choose a university from the ELS worldwide network of 650+ university partners and begin the application process with the help of your ELS authorised Counsellor and ELS University Admission Services.

**DOES YOUR ENGLISH MEET THE UNIVERSITY ADMISSION REQUIREMENT?**
If not, move on to Step 2.

**ELS DIRECT-ENTRY PATHWAY ROUTE**
If yes, move on to direct admission.

**STEP 2:**
Select the ELS Direct-Entry Pathway (no TOEFL® or IELTS™ needed) if you lack the English proficiency required for admission. While still in your home country, you will receive a “conditional letter of offer” permitting your enrolment upon completion of your ELS EAP program.

**STEP 3:**
To fulfil your university’s English proficiency requirement, study at least three ELS levels in your country of destination and successfully complete Levels 109 or 112* of the ELS English for Academic Purposes program at any of our 65+ ELS Centres in Australia, USA, Canada, Europe or Malaysia.

**DIRECT ADMISSION ROUTE**
If you have a qualifying TOEFL® or IELTS™ score, apply for university admission with the help of your ELS authorised Counsellor and ELS University Admission Services. We recommend you take some training at ELS to help you develop the study skills necessary for successful university studies. We can also assist with acculturation and familiarisation with the campus.
**STEP 4:**
Receive your ELS EAP Certificate of Completion* satisfying your university’s English proficiency requirement; no TOEFL® or IELTS™ needed. You are granted full admission. Begin your university study!

*Certificate of Completion requires a minimum of 12 weeks of study as a student in the English for Academic Purposes program.

**SPOTLIGHT: THE ELS DIFFERENCE**
Even if your English proficiency is not yet up to the level that institutions of higher learning require for admission, university study abroad with ELS is as easy as 1-2-3-4 – without your having to take the TOEFL® or IELTS™ examination.

“We have been associated with ELS/Sydney for 16 years, and during these years we have hosted a great number of students from all over the world and it is always a pleasure to share their culture and traditions. At the same time we are very proud to show them the beautiful sites offered by Sydney as well as taking them to an AFL match or an Aussie barbecue and teaching them the art of eating our national meat pie.”

*Francoise and Colin, SYDNEY*

“I would like to recommend my homestay family to everyone. They were always kind, helped me with everything that I wanted to know about the city or Australia and especially they always corrected me when I spoke English with them, which improved my English a lot. I think I was very lucky to be picked for this family.”

*Simon, SWITZERLAND*
YOU MAY BE FAR FROM HOME, BUT YOU WILL NEVER BE ALONE

Australia is the third most popular destination for international students in the world, despite its relatively small population. You’ll meet people like yourself from all over the world and you’ll find that Australians are remarkably easy to make friends with. The friends you make in Australia will remain your friends for life.

STUDENTS AGREE: IT’S A WONDERFUL LIFE

Study in a place that works for you: ELS Australia is based in two of the best cities in the world for international students, in terms of diversity, affordability, quality of life and employment.

SYDNEY AND BRISBANE ARE PROVEN INCUBATORS OF SUCCESS

There are now more than 2.5 million former international students who have gone on to make a difference to the world after studying in Australia. Penicillin, in vitro fertilisation, ultrasound, Wi-Fi, the Bionic Ear, the heart pacemaker, solar hot water, the cervical cancer vaccine and the “Black Box” flight recorders all were conceived by graduates of the Australian higher education system. You can be one of them!
